

Project: Science Fair Project

Student Name: _____

Project Title: _____

CATEGORY

RESPONSIBILITIES

Background Research

I used a variety of helpful resources, like magazines and books.

I used only reliable internet resources.

I collected enough information to get a good understanding of my topic.

I wrote down where I got each piece of information.

I correctly cited all resources used in the final project.

Relating Concepts

I know how this project relates to a subject we study in science.

Experimental Research

I figured out a question I wanted to answer.

I made a hypothesis.

I thought of some things (variables) that could mess up my experiment.

I tried to control things (variables) that could mess up my experiment.

I performed the experiment carefully.

I recorded the results of the experiment.

I summarized the results and told what they meant.

Laboratory Work

I followed the scientific method to do my project.

I used suitable equipment for my project.

The above items are meant to act as a guide for your thinking when planning and executing your science fair project. They are not required to be used, but may be helpful.
